

Saurav Ghosh

PhD. student, Dept. of Computer Science

Discovery Analytics center, Virginia Tech, USA <https://sites.google.com/a/vt.edu/saurav-ghosh/>

November 8, 2016

sauravcsvt@vt.edu

Objective

My area of specialization is Data Science with specific focus on Text Mining and Knowledge Discovery, Spatio-temporal Data Mining and Deep Learning for Textual Analysis (word2vec). I am expecting to graduate early June 2017 and therefore, seeking a Data Scientist position starting from June-July 2017.

Education

Fall 2012 - Current	PhD Student in Computer Science, Virginia Tech, USA. Overall GPA: 3.67/4.00 GPA (Data Science Courses): 3.93/4.00 Advisor: Dr. Naren Ramakrishnan
2008 - 2012	B.E. in Electronics and Telecomm. Engg., Jadavpur University, India. GPA: 8.95/10

Research Statement

Research Focus: Text Mining and Knowledge Discovery, Spatio-temporal data mining, Deep Learning for Textual Analysis (word2vec)

- *Application area:* **Data Analytics for Public Health Surveillance**

Broad Focus: Data Science, Machine Learning and Pattern Recognition.

Research Problems: Mining online news media for modeling spread of infectious diseases

- **Forecasting rare disease outbreaks from multiple news sources**
 - Real-time forecasts of hantavirus outbreaks in multiple countries of Latin America using unsupervised spatio-temporal topic modeling.
 - *Designed and implemented the entire big-data pipeline for sending hantavirus forecasts to IARPA in real-time*
 - *Projects:* EMBERS for IARPA OSI Program (winning team)
- **Assessing temporal associations between news trends and infectious disease outbreaks**
 - EpiNews: Designed and implemented a supervised temporal topic model to quantify media interest during infectious disease outbreaks.
 - *Projects:* EMBERS for IARPA OSI Program.
- **Neural word embeddings for automated disease taxonomy generation**
 - Dis2Vec: Designed and implemented a vocabulary driven word2vec method for building disease taxonomies from online news corpora.
 - *Projects:* EMBERS for IARPA OSI Program.
- **Neural word embeddings for automated generation of epidemiological line lists**
 - Designed and implemented a method (word2vec + dependency parsing) for automatic extraction of line lists from semi-structured WHO DONs with specific focus on emerging diseases.
 - *Projects:* EMBERS for IARPA OSI Program.

Technical Skills

Programming Python (Preferred), Java, C, Matlab

OS Ubuntu (Preferred), Arch Linux, Windows

Frameworks NOSQL: MongoDB

Professional Experience

●

Arlington, VA

GRA in Discovery Analytics Center. Advised by Dr. Naren Ramakrishnan Fall 2012 - Current

- Worked on Disease Forecasting. Implemented big-data rare disease forecasting pipeline for EMBERS in *python* over EMBERS AWS cluster framework. Forecasts sent in real-time without human supervision and continuously evaluated
- Interfaced with several agencies such as IARPA and CDC for disease forecasting problems. Collaborated with several institutes such as *Biocomplexity Institute of Virginia Tech, Harvard Medical School* and *University of Maryland, College Park*

●

Bangalore, IN

Research Scientist Intern, advised by Dr. Shajith Ikkal

June-August 2014

- Worked on missing data and class imbalance problems for early prediction of risks in academic performance of students
- *Application Area:* **Educational Data Mining**

●

Singapore

Research Intern, advised by Prof. P. N. Suganthan

Summer 2011

- Worked on application of heuristic optimization for non-uniform circular-shaped antenna array and design

Participation in Conferences

- **NIPS 2013**, NIPS 2013 Topic Modeling Workshop, Lake Tahoe, Nevada, December 2013.
- **DDD 2013**, 2nd International Conference on Digital Disease Detection, San Francisco, USA, September 2013.
- **CDC Influenza Forecasting Workshop**, Atlanta, USA, August-September 2016.
- **Health Care Informatics and Analytics Conference**, NVTC Big Data and Analytics Committee, Fairfax, VA, May 2016.
- **CIKM 2016**, 25th ACM International Conference on Information and Knowledge Management, Indianapolis, IN, Oct 2016

Awards and Honors

<i>Award</i>	Recipient of Best Research Paper Award, SDM	2015
	SIGIR Student Travel Award, CIKM	2016
	Placed within the top 0.7 percent in All India Engineering Entrance Examination (AIEEE),	2008
	Recipient of National Merit Scholarship from Ministry of HRD, Government of India,	2008
